If you want to rent, sell or buy a house, call in and see our list of bargains.

TIN PLATE WENT OUT IN GREATER TONNAGE IN 1912

UNITED STATES BUYING LESS AND SHIPPING MORE FINISHED MATERIAL

Tin plate exports in 1912 amounted to 183 million pounds valued at \$13 million dollars, against a half million pounds valued at \$1 thousand dollars in 1900. Imports of tin plate in 1912 were 4 1/2 million pounds valued at a quarter million dollars, against 153 million pounds valued at 4 1/2 million dollars in 1900, and 738 million pounds valued at 2 1/2 million dollars in 1890. Meantime the manufacture of tin plates has grown from approximately 5 million pounds in 1891, the earliest year for which statistics of production are available, to 1756 million pounds in 1911, the latest year for which data are at hand.

The change in the inward and outward movements of tin plate into and out of the United States in recent years has been, in imports, a gradual decline since about the year 1890, but sharply accentuated in 1911 and 1912; while in exports there has been a gradual increase since 1900 and especially marked in 1911 and 1912. Imports of tin plate averaged from 500 to 700 million pounds per annum in the period from 1885 to 1895, then gradually declined to less than 200 million pounds by the year 1900, being in

A la the Bonfire Route

ONE WHEAT FIELD TO BE 7000 ACRES IN EXTENT

Butte county will have the largest wheat field in California. Preparations are being made to seed 7000 acres of the Sanford ranch, formerly known as the Rancho Esquon or Seal ranch, a Mexican grant which fell into the hands of the late Senator Stanford. The ranch contains nearly 20,000 acres.

For many years only a small percentage of the land has been farmed, but its productiveness and the demand for grain, with prospects of high prices, decided the managers to farm extensively this year. The plowing will be let in 1000-acre contracts.

OLD TIME MINER DEAD

Sol Martin received a dispatch last evening from J. W. Cameron announcing the death yesterday in the French hospital in San Francisco of A. Bordeaux, formerly a well known resident of this city. Deceased had been afflicted with miners' consumption, and about a year ago left for California for the benefit of his health. Bordeaux was one of the pioneer residents of the Comstock district and had worked in the mines from one end of the lode to the other. His many old-time friends here will regret to learn of his death.—Virginia Chronicle.

Bonanza Period of Con. Virginia Mine Vividly Recalled by Paper

Some interesting figures are given of the immense production of the Consolidated Virginia and California mines during their bonanza period, in the report recently submitted by Superintendents McCormick and Jullien, and we quote as follows: "From 1873 to 1881, inclusive, Consolidated Virginia produced 776,265 tons of ore, from which the bullion recovery averaged \$83.91 per ton and totalled \$65,133,391.95, from which dividends amounting to \$42,530,000 were paid.

Bonanza Period of Con. Virginia Mine Vividly Recalled by Paper

Instead of \$133,500,000 popularly attributed to it, A just conception of these figures can best be had by comparison, and so it may be mentioned that while the 1310 feet of the lode belonging to us have yielded \$165,000,000 and paid over \$78,000,000 in dividends, a recent publication attributes to the whole camp of Tonopah since 1901 a production of but \$51,000,000 and dividends somewhat in excess of \$15,000,000.—Virginia Chronicle.

MARKING THE ROADS

President Charles Patrick of the Nevada Automobile association has started the work of placing road signs at all necessary points between Tonopah and Oasis. The signs are all prepared, and some are already placed. The work will be carried on all across Nevada. It would be well worth while for the same work to be taken up in this valley. The main highways are known to all of us here, of course, and travelers seldom get off on cross roads, owing to the usually greater travel indicating the proper route. For all that, there is opportunity to judiciously place a lot of guideboards for the information of the many auto drivers who will be traveling our roads before long.—Inyo Register.

If you bought nothing but advertised goods during the next twelve months, you'd reduce the cost and raise the standard of living—surprisingly!

Health Restored By Eckman's Alternative

If you are a sufferer from Glendular Tuberculosis, or know of anyone so afflicted, it might be well to investigate this case, where the writer declares after a year of suffering, he found permanent relief and full recovery to health by using Eckman's Alternative, a medicine which has been effective in many cases of Tuberculosis.

257 Laruston st., Phila., Pa. "Gentlemen:—In March, 1909, I was taken sick and my doctor pronounced my case Tuberculosis in the glands. Medical treatment did not help me, and on my doctor's advice, I went to a hospital to be operated upon, but relief was only temporary. I lost strength and at times would have cold sweats and fever. In April, 1910, I returned to the hospital, but the continued operations were not benefiting me.

"In the meantime, a friend of mine advised Eckman's Alternative, saying it was good for Tuberculosis. The wounds in my neck were still open and in a frightful condition when I started to take it. After using two bottles, I found I was improving, having gained weight, could eat and was able to sleep. I continued using it until I was well, which was in November, 1910. Before I took the medicine I had terrible hemorrhages; since I have been taking it, I have not had any. On November 11, 1910, I started to work, and since that time I have not lost one day's work through sickness. I can highly recommend Eckman's Alternative to anyone who is suffering from Tuberculosis or Glendular Tuberculosis, providing they take it as directed. I will gladly correspond with any party desiring further information of what the medicine did for me."

(Sworn affidavit) JOSEPH B. WHITE, Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles and in the up-building the system. Does not contain poisons, opiates or habit-forming drugs. For sale by leading druggists, ask for booklet telling of recoveries and write to Eckman's Laboratory, Philadelphia, Pa., for additional evidence.
